

FLIP YOUR BALLOT

ON NOVEMBER 8TH

VOTE YES ON PROP 1

CLEAN WATER, CLEAN AIR, AND GREEN JOBS BOND ACT

New York voters have a once-in-a-generation opportunity to protect clean water, update infrastructure, and improve quality of life in every county of the state.

Safeguard clean drinking water, preventing contamination and pollution

Conserve wildlife habitats, farms, forests, wetlands, and more

Support nearly 100,000 family-sustaining jobs

Cut the pollution that causes climate change, increase energy efficiency, and clean the air we breathe

Update outdated infrastructure including sewers, stormwater systems, and drinking water pipes

If approved by voters, the Clean Water, Clean Air, and Green Jobs Bond Act will:

UPDATE WATER INFRASTRUCTURE:

Across the state, pollution is showing up in our drinking water. The Bond Act will invest at least \$650 million to protect New York's drinking water by replacing lead pipes, expanding sewers, updating water treatment plants, and preventing pollution and runoff.

REDUCE CLIMATE RISKS:

Intense rainfall and flash floods are now common. The Bond Act will invest at least \$1.1 billion to protect people, roads, and buildings from dangerous weather. Funds will update roads that flood over, modernize stormwater systems, help interested homeowners relocate, and repair wetlands and forests that slow and store floodwaters.

IMPROVE PUBLIC HEALTH AND SAFETY:

Bond Act programs will invest at least \$1.5 billion to cut pollution and clean the air we breathe. Funds will purchase clean school buses, retrofit public buildings to be energy efficient, plant street trees, and build green roofs, community gardens, and cooling centers that save lives during heatwaves.

PRESERVE WILDLIFE HABITAT:

From Ellis Island to the Adirondack Mountains, New York is defined by its unique, natural scenery. Parks, forests, and farms provide mental and physical health benefits. The Bond Act will invest at least \$650 million to conserve open space, restore wildlife habitat, protect family farms, and expand access to parks, campgrounds, and nature centers.

STRENGTHEN NEW YORK'S ECONOMY:

Replacing lead pipes, updating sewers, planting trees, and retrofitting buildings – all create jobs. The Bond Act will help revitalize local cities, towns, and villages by supporting nearly 100,000 good, local, family-sustaining jobs.

ADVANCE ENVIRONMENTAL JUSTICE:

Every New Yorker deserves clean air to breathe, clean water to drink, and access to nature. But not everyone does. The Bond Act will help advance environmental justice by directing at least 35-40 percent of total funding to disadvantaged communities, those most harmed by pollution.

KEY VOTING DATES

Register to vote by October 14

Request an absentee ballot by October 24

Vote early October 29 - November 6

VOTE ON ELECTION DAY NOVEMBER 8

Vote Yes for Clean Water & Jobs is a broad coalition working in support of New York's 2022 Clean Water, Clean Air, and Green Jobs Bond Act.
